About us

First Ship Lease Trust (“FSL Trust” or “the Trust”) is a shipowner and a provider of leasing services to the international shipping industry.

FSL Trust owns a diversified portfolio of 22 well-maintained vessels comprising containerships and a variety of tankers:

- 12 vessels are leased to international shipping companies on long-term bareboat charter basis
- 10 vessels are employed on short-term time charters or in pools or spot markets

About half of the Trust’s revenue is derived from the rentals received from fixed-rate bareboat charters providing the Trust with stable and predictable long-term income. The vessels employed on shorter-term charters or in pools provide the Trust with the flexibility and opportunity to capture any market upside.

FSL Trust has made progress in its performance and debt repayment efforts since 2013:

- Strong cash flow generation with a fully deployed fleet
- Strengthened balance sheet with US\$253 million of debt repaid since June 2013

FSL Trust is listed on the main board of the Singapore Exchange.
